

# Strong Bonds

## Married Couples Retreat

11 OCT 2014

Bradford Woods

Martinsville, IN

Strong Bonds is the Army's program designed to assist commanders in building, strengthening, preserving and restoring Army Families. The material covered at each event strengthens the marital bond, giving married couples the tools and information they need for better communication and relationship building.

Each registered couple will enjoy an interactive training workshop, 2 meals, time together, and take home materials.

Soldiers and their immediate family members are eligible to participate in Strong Bonds training events. All family members must be registered in DEERS.

- "the workshop sessions were awesome. They pulled you in and really opened some doors that were previously closed."
- "This event was beneficial for my wife and I because we had time away from our children to focus on each other. "

To register please contact the Strong Bonds Action Officer, Chaplain Pappe.
